---

**Date:** 11 / 27 / 17

**City Project No.:** 17-55

**Addendum No.:** 1

Plan holders:

1. The following changes and notations shall be made to the specifications and plan sheets based on questions from the pre bid meeting.

- Q. Is this existing catch basing going to require alteration I though the plans called for installing one?
  - a. Instead of installing a catch basin an existing basin that is at approximate elevation of street.  
It needs to be lowered to match the new slope.
- Q. On the plan set there is a call out to remove and replace concrete is this correct?
  - a. The concrete to be removed is to be replaced with hot mix asphalt.
- Q. Is there survey elevations for the footing?
  - a. There isn't an existing survey of the footing giving elevations.
- Q. Is there space available onsite to place removed demolished concrete and asphalt?
  - a. Demolished concrete and asphalt are to be removed from the site.
- Q. Are we going to use existing base footing for grading?
  - a. Grading is to be based on existing road and concrete footings.

Please find the attached Pre-Bid attendance sheet. Please find revised plan sheet showing corrections from questions.

If you have any questions, please call me at (209) 668-5599 ext. 4436 or email at [RBoyer@turlock.ca.us](mailto:RBoyer@turlock.ca.us).

Sincerely,

Ryan Boyer  
Assistant Engineer
