### SUPERVISOR COMMENTS

It was another steady shift with calls for service which didn't leave much in the way of spare time for self-initiated activity. Units did a good job of helping each other out and ended up handling a number of calls out of beat for each other. One subject was detained for 5150 early on. Another subject was arrested for domestic violence later in the shift. We received a call of an injury accident with a vehicle all the way into a house at 1094 Fifth St. On arrival it was determined that a head on collision occurred between two vehicles just south of the residence on Fifth St. One of those vehicles grazed a parked vehicle, drove through the yard of 1094 Fifth St. and into the closed garage door. As it drove through the garage door it struck a parked vehicle inside the garage and caused that car to move forward damaging it and the house. One of the parties had a small abrasion from a shoulder restraint.

Extra Patrols were completed at Del's Ln and Georgetown, 2323 W. Main St, Double AA, and Walgreens.

### SUPERVISOR COMMENTS

The shift was slow for a Saturday. Lots of people were down town but there were not calls for service. Shortly after 1:00 a.m., a person called advising of an adult male lying in the middle of a dirt field near the intersection of D and S. First Street. The male had been run over by a vehicle. Officers responded to the area and located the male. CPR was performed on the person until Fire and AMR arrived on scene. He was taken by AMR to Emanuel Medical Center where he passed away of his injuries. Detectives were called out and took over the investigation, but meanwhile, all of swing shift was held over to assist with pending calls due to the 4 grave yard officers being busy securing the scene.

Extra Patrol: Donnelly Park, Monte Vista Crossings, Down Town, Denair Park, and Central Park. Unable to do more extra patrol due to securing the crime scene for detectives.
