### SUPERVISOR COMMENTS

This afternoon and evening was steadily busy for swing shift and night shift officers. We completed 17 reports during these two combined shifts.

In the evening officers responded to the 1700 Block of N. Tully regarding a subject who made a verbal threat to a neighbor. It was determined the subject was suffering from a mental disorder. Officers contacted the subject who was not cooperative and initially aggressive towards officers. Officers did an outstanding job by speaking with the subject in hopes of avoiding a confrontation. After speaking with the subject for a period of time, the subject ultimately cooperated and followed officer's orders. This incident could have very well resulted in a physical altercation based on the subject's actions and statements. The officers acted professionally and calmly when dealing with him. Because of the actions taken by the officers on scene the situation was handled without further incident.
