

Council Meeting Questions From Public

Council Meeting Date	Name of Requestor	Department Assigned To:	Question	Answer
2/11/2025	Ron Bridegroom	City Attorney	4 years ago this month the Council rescinded the council member handbook that had been adopted in May 2019. It was promised a new handbook would be developed and brought to the Council. So far only the segment on public participation has been done. What is the status of developing the rest of the segments of the handbook?	In progress
2/11/2025	Ron Bridegroom	Municipal Services	When will Columbia pool be opened? What is the reason for the 1 year delay?	The Columbia Pool renovation project has experienced delays due to its complexity and the general contractor's challenges in coordinating subcontractors. The City continues to work closely with the general contractor to manage these issues and keep the project moving forward toward completion. At this time, City staff anticipate the project will be completed between April and late May.
2/11/2025	Ron Bridegroom	Municipal Services	Back in 2019/2020/2021 I heard about an audit of the assessment districts being done. Has the audit been completed? What progress has been made on a plan to consolidate the over 200 districts and to create a new one to cover the rest of Turlock?	The City has contracted with Harris and Associates to evaluate our Assessment Districts. This process was not a formal audit but it has assisted us to insure we are utilizing best practices regarding financial management of the districts. In addition, the City is in the process of establishing a Community Facilities District (CFD) to replace future formation of Assessment Districts. This CFD is the start of attempting to move current districts away from the existing assessment district format.
