#### **SUPERVISOR COMMENTS**

The day started out a busy one after making a warrant arrest right out of briefing. We then handled a sexual assault investigation that reportedly occurred the day prior. The suspect was located and interviewed and eventually arrested. This tied up an officer for the majority of the shift. With our numbers down, we had four patrol officers to handle the streets for the rest of the shift. We took 16 report calls during the shift. We made three warrant arrests and a public intoxication arrest of a subject who walked into the TPD lobby inebriated. We didn't have much time left in the day for Extra Patrol's. Several officers went through the shift without getting a lunch break.

Extra Patrol's: None.

### SUPERVISOR COMMENTS

We started our shift with approximately 15 calls pending. Officers did an outstanding job on handling the overwhelming number of calls pending. The calls however did not decrease much as they continued to come in. At the time of our night shift starting their shift we still had approximately 12 calls pending. Once swing shift was able to decrease the number of calls pending, they began working on the reports they acquired during their shift. Due to how busy they were this did not allow for much self-initiated activity or extra patrols.
